AVIATION MAINTENANCE PATHWAY

The background of the slide is a repeating pattern of light gray wireframe drawings of commercial airplanes. The drawings are shown from various angles, including top-down, side, and rear views, creating a technical and aviation-themed aesthetic.

ENGAGEMENT

WHAT IS AMP?

The Aviation Maintenance Pathway (AMP) program is designed to **engage** and **build relationships** with students who want to become Aircraft Maintenance Technicians with an airline.

Commitments:

- ✓ Deeper connection with students
- ✓ Discussions on industry and work environment
- ✓ Job offers

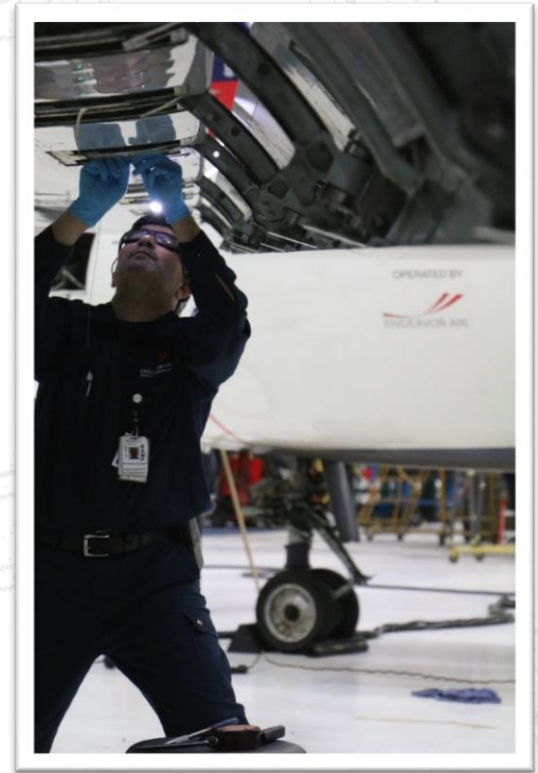

AMP

AVIATION MAINTENANCE PATHWAY
