

# What Have We Done For Your Lately

Ryan Goertzen, Past President

Gary Hoyle, President

Crystal Maguire, Executive Director

March 18, 2018

# Board of Directors

- Leadership introductions
- Duties and responsibilities of the Board
- Three-year strategic plan directs board initiatives and ATEC resources
- Opportunities to serve
  - Submit director nomination—due Aug. 1
  - Join a committee—sign up tomorrow morning

# Annual Conference Committee

- This year added breakouts and catered content
- Brought the employer expo back, with 13 companies participating
- Attendance: 191 (25% increase over the last three years)
- Mark your calendars: Wichita, March 17-20, 2019
- We welcome your feedback and recommendations: take the survey

# Membership Committee

- ATEC represents 67% of all active AMTS
- Membership roster is at a 16-year high
- Industry membership grew 250% in the last three years
- Ways to help spread the word about ATEC
  - Host an ATEC outreach meeting
  - Use the ATEC member badge on your website and in marketing materials ([atec-amt.org/member-badge](http://atec-amt.org/member-badge))
  - Distribute ATEC membership brochures to industry boards
  - Recruit local schools (ask for a list of non-member AMTS in your area)

# Regulatory Committee

- Obtained access to ASI training at FAA Academy
- Held two webinars in 2017
- Act as a regulatory compliance resource
- 2018 objectives
  - Model operations manual
  - DME application and database resources
- Participated in the AMT ACS working group
- Continued to engage on part 147 rulemaking

# Legislative Committee

- Legislative Fly-In, Sept. 12-14, 2018
- Efforts to push FAA part 147 rulemaking
- Three-year initiatives
  - Increase Fly-in registrations 10% year over year
  - Introduce ATEC to key congressional committee members
  - Facilitate congressional facility visits

# Communications Committee

- Released new ATEC logo, updated website and marketing materials
- Released ATEC Pipeline report—press release was picked up by more than a dozen publications
- ATEC Journal expanded scope, actively soliciting industry contributors
- Make sure personnel is signed up to receive the ATEC newsletter and alerts
- Watch for the ATEC survey this summer
